

LIGHTING GUIDE

 **SKYTRON[®]**
TRUSTED PARTNER | PROVEN SOLUTIONS

Illuminating healthcare.

Skytron lights are designed to give healthcare professionals convenience and performance, allowing every case to be visualized in precise detail without unnecessary hassle. Featuring a diverse range of options, Skytron offers innovative solutions for general and hybrid operating rooms, trauma bays, exam rooms and more.

MAXIMIZE PERFORMANCE

From controlling focus via a center handle to moving the spot with a hand-held wand, Skytron lighting options strive to remove complications and simplify the daily operations of healthcare professionals.

MORE APPLICATIONS

With models ranging from high-intensity surgical applications to easy to clean exam lighting, Skytron provides one source to outfit operating rooms, labor and delivery suites, emergency departments, intensive care units and more.

LONG-LASTING QUALITY

All Skytron lights are built to be durable, long-lasting and economically conscious. Rely on Skytron to assure low cost of ownership throughout the light's long lifecycle, backed by quality components, meticulous design and excellent service

FOCUS IN ON A NEW LEVEL OF PERFORMANCE

Skytron has led the industry in clinical lighting for decades, providing the most advanced features and technology available. From adjustable focus surgical lights to LED strobe-guided wands for recessed exam lighting, Skytron products simplify daily operation and streamline patient care.

SURGICAL LIGHTS WITH TRUE FOCUS ADJUSTMENT

Extend the working distance and focal point of Skytron surgical lights easily with the center handle – without moving the lighthead or reducing surgeon head room.

AURORA FOUR ▪ STELLAR XL

VERTICALLY SEGMENTED REFLECTORS

The vertically segmented reflector design (VSRD) captures upward directed light and sends it back down, creating a clear, homogenous spot with minimal shadows.

AURORA FOUR ▪ STELLAR XL ▪ LUCINA 4 ▪ SPECTRA

LED STROBE-GUIDED EXAM LIGHTS

Keep the light and caregiver focused on the patient with an LED strobe-guided positioning wand. Point the wand toward the targeted site and the light is repositioned automatically.

LUCINA 4

Aurora Four

FOCUSABLE LED SURGICAL LIGHT, CAMERA READY, SELECTABLE COLOR TEMPERATURE

The Aurora Four is designed to take unnecessary work out of complex surgical procedures. With focus control from the center handle and selectable color temperature, clinicians can quickly make adjustments tailored to surgeon preference or case.

Integration with Skytron booms, flat-screen displays and HD cameras makes the Aurora Four a versatile solution for surgical lighting.

PERFECT FOR

- General operating rooms
- Hybrid and specialty operating rooms
- Outpatient surgery centers
- Cath labs
- C-section suites
- Emergency departments
- Intensive care units

DIFFERENTIATING FEATURES

- Sterilizable center handle allows for control of intensity, focal point and positioning
- Vertically segmented reflectors create a crisp, homogenous spot and drastically reduce shadows
- Selectable color temperature of 4,100°K for soft white light, or 4,500°K for a bright, white light
- HD camera-ready for on-demand visuals
- 360° rotation on all axes provides unmatched flexibility and positioning

Stellar XL

FOCUSABLE LED SURGICAL LIGHT

Well-suited for any surgical application, the Stellar XL delivers advanced focusability and shadow control to the operating room — an ideal balance of features and value.

Available in several configurations and fully compatible with Skytron booms, the Stellar XL is adaptable to many clinical settings.

PERFECT FOR

- Upgrading outdated technology
- General operating rooms
- Outpatient surgery centers
- C-section suites
- Labor and delivery suites
- Emergency departments
- Intensive care units
- Procedure rooms

DIFFERENTIATING FEATURES

- Sterilizable center handle allows for control of focal point and positioning
- Vertically segmented reflectors create a crisp, homogenous spot and drastically reduce shadows
- 360° rotation on all axes permits unmatched flexibility and positioning
- Update older halogen lightheads without replacing arm sets or ceiling structures

Lucina 4

LED EXAM LIGHTING, RECESSED, STROBE-GUIDED

With industry exclusive LED strobe-guided technology, the Lucina 4 positioning wand ensures that the light and caregiver remain focused on the patient. Positioning the light is easy with the convenient wand — point toward the targeted location and the click of a button directs the spot.

PERFECT AS AN EXAM LIGHT FOR

- Labor, delivery, recovery and postpartum suites
- Intensive care units
- Hybrid operating rooms
- Cath labs

DIFFERENTIATING FEATURES

- LED strobe-guided positioning wand directs the spot with a simple point and click
- Vertically segmented reflectors create a crisp, homogenous spot and drastically reduce shadows
- Light beam can be angled up to 47° for superior illumination
- Wand controls positioning and on/off of up to six light simultaneously
- Recessed 24" square fixture fits into existing ceiling grid and doesn't obstruct ceiling mounted equipment
- Non-intrusive design ensures clinical spaces remain comfortable and unintimidating for patients

Triango

LED EXAM LIGHTING

Triango exam lights provide bright intensity and 360° rotation at most pivot points, allowing the fixtures to be easily maneuvered. With integrated dimming controls and accurate color representation, the Triango meets a wide variety of exam needs.

PERFECT AS AN EXAM LIGHT FOR

- Emergency departments
- Intensive care units
- General examination rooms

DIFFERENTIATING FEATURES

- Glare-free and adjustable dimming from 100% to 10%
- Conveniently placed lighthead mounted on/off and intensity controls
- 360° rotation on most axes and 280° lighthead pitch for simple and efficient positioning
- Spring balanced articulating arms provide easy positioning and stability
- Available as ceiling or wall mounts, and as a mobile stand

Spectra

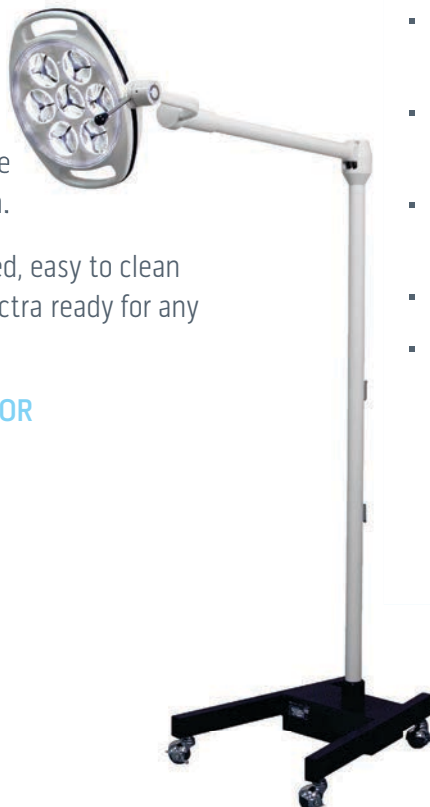

LED EXAM LIGHTING

The Spectra exam light brings the same brilliant illumination and performance expected in the OR to every general examination.

Durable construction and a sealed, easy to clean to clean lighthead make the Spectra ready for any healthcare environment.

PERFECT AS AN EXAM LIGHT FOR

- Emergency departments
- Intensive care units
- Labor, delivery, recovery and postpartum suites
- Imaging departments
- General examination rooms

DIFFERENTIATING FEATURES

- Vertically segmented reflectors create a crisp, homogenous spot and drastically reduce shadows
- 360° rotation on all axes and 355° lighthead pitch for simple and efficient positioning
- Low profile design permits simple transport and storage
- 4,300°K color temperature provides brilliant, white light
- Available as ceiling, wall or boom mounts, and a mobile stand
